So this is a student ran web series and everything has been out of our own pocket.

It's a dark comedy about supernatural hunters.

There is Eva (Protagonist), Alice (Hunter turned Vampire), Bea (Human turned ghost), Cora (114 year old vampire) and Darius (Book Worm).

The story of these guys living together in a student flat in the UK.

We are really excited to start filming and January and could really do with some funding to help us rent or buy equipment, buy clothing and just general funding for the project.

At the moment we have a fund of about 300 pounds but hope to raise a lot more.

Please consider helping us along by donating!

Risks and challenges

Risks:
-We don't have enough money to complete project and everything we have invested out of our pocket is a total waste.
-That we don't have enough money to fund the project.
-Making sure that all the legal sides of the project are completed in full.
-Not reaching the desired demographic.
Challenges:
-Trying to represent diversity in the show.
-Trying to create an original web series that is unique in it's field.
-Trying to raise money with the cast to afford set/equipment/software.
